

# DUH-RA

## Heavy Duty USB charging station

Built to last, the DUH-RA is the only USB-C Charger with High-Power Delivery featuring unique robust mechanics designed to protect its connectors and also the one of the passenger charging cable against impacts on it.

When a connector should be replaced, the DUH-RA allows to replace the low cost connector module only in order to lower its total cost of ownership (TCO).

DUH-RA shown

### HIGHLIGHTS
