

# DCDCFB

## DC/DC Fly Back

The DCDCFB is a 110V, 60W isolated DC to DC Fly Back converter. It was designed to meet multiple EMC/EMI standards.

DCDCFB1 shown

### HIGHLIGHTS

- Robust and reliable converter design
- High efficiency
- Natural convection cooling

### SERVICE PROVEN

**DCDCFB1** | Bombardier-Alstom | Azur (MPM-10) | STM  
Montreal, QC, CAN

### MODELS & FEATURES

Part Number Base	DCDCFB1	DCDCFB2
Input Voltage	110V <sub>DC</sub>	110V <sub>DC</sub>
Output Current	5A	5A
Output Voltage	12V <sub>DC</sub>	12V <sub>DC</sub>
Isolation IN to OUT	YES	YES
Mount – Wall	X	-
Mount – DIN Rail	-	X
Length x Height Depth		
5.47" X 6.07" X 2.51"	X	X

X = Included, O = Optional, F = Factory selectable
