WWCB

Windshield Wiper Control Box

The Windshield Wiper Control Box (WWCB) operates the windshield wipers of a railway car independently and controls their respective speed as well as intermittent mode.

WWCB1 shown

HIGHLIGHTS

- · Independent control
- · Can be adapted for 12V or 24V wiper motors
- · Natural convection cooling

SERVICE PROVEN

WWCB1 | Bombardier | Multi-Levels | NJT New Jersey, USA

WWCB2 | Bombardier | Multi-Levels | AMT

Montreal, QC, Canada

WWCB3 | Bombardier | Bi-Levels | Northstar Commuter Line Minneapolis, St-Paul, MN, USA
